WOOD COUNTY BULLETIN NR 24.12  
SUBJECT: KNOW WHAT YOU HAVE

DATE: March 24, 2024

Do you have any idea what equipment, or parts that you have? If you are building something or planning to do some kind of activity, do know where to find the items you need?

You may spend all day trying to find what you need if you don't have a list of things you have collected over the years. You may have even thrown away things that you didn't think you would ever use again. If you keep a list of items that you have, it will save you a lot of lost time.

It takes time to put together a list of things that you have. Even though you may not need them right now, but look in the future, you, or someone else may need something, and you may just have it.

Put together a catalog of things that you have, and where to find them. It will save you a lot of time down the road.
